Marie Gaines, Office of Land Development Service, discussed Phase II of the ordinance and identified the 22 views to protect. Slides were shown of the views. Ms. Gaines said selection was done through various discussions and recommendations with board and commission members who are related to the issue.

Paul Jacobsen, president of Retiree Board, said the remaining views of the Capitol should be protected.

At this point, Mayor Mullen took time to introduce classes who were in the audience from O. Henry Junior High, Austin High School and St. Martin's Day School.

Cynthia Carson, 7th grade, O. Henry and Mary Nell Boone, 7th grade, O. Henry want the views saved.

Scott Roberts, representing the applicant, said the Planning Commission has approved an SR zone 150' from their property line.

Lee Sloan, representing Kensington Park Homeowners Association, proposed some measures which he handed to Councilmembers. City Clerk did not receive a copy. He said no development should be within 250' of the creek property.

## HEARING - (Continued)

Mr. Roberts told him their 150' proposed buffer will be enough to protect the creek.

Mayor Mullen said 150' from the neighborhood should be left alone and the difference between 150' and the flood plain on the west side should be used for detention pond only. Councilmember Shipman said there should be a 5' strip of "A" between the neighborhood and "DL" zoning.

Motion

The Council, on Councilmember Duncan's motion, Councilmember Shipman's second, approved "DL" zoning with 150' from the neighborhood left alone and the difference between 150' and the flood plain on the west side used for detention pond only and a 5' strip of "A" between the neighborhood and "DL" zoning. HEARING - (Continued)

Bob Richardson pointed out that the latest report on the area has different numbers from the first report.

Rudi Robinson, real estate appraiser, pointed out that as land prices go up, rents go up, therefore, density is increased to pay that kind of rent.

Judy Walker, North Oaks Neighborhood Association, said a land plan is needed.

Jeryl Hart said the plan is a good one.

Terry Irion, representing owners of Goldwater PUD of 224 acres, said they have been caught in all the regulations. Now, he said, because of the proposal, they no longer have a project and feels it is not fair.
